

¹⁴⁵¹ Comlongon Castle

INVITES YOU....

.....TO RETURN.

At Comlongon Castle we continually reinvest all profits to make it a better venue each season. Since you were here the castle has changed, improved and developed.

As you are probably aware we specialise in providing bespoke wedding services for couples from around the world. Once clients have experienced what we offer they become a part of Comlongon.

We do not advertise and rely on word of mouth from previous client's experience. Often this is through review sites such as Trip Advisor, where potential customers can determine if we are the venue for them.

Once couples experience what we deliver everyone wishes to return. Although we offer a bespoke service for clients on the day of their wedding we do have great difficulty in offering dates for a return as often any anniversary is booked by another couple, and over the years this is compounded by the fact there are several couples with the same potential return date.

We have put a great deal of thought over the years on how we address this problem. Nearly every couple we speak to wish to return at some point and are usually disappointed that they cannot revisit us on a specific date.

However we can now offer a truly unique opportunity for those who do wish to return, see how the place has changed and become part of the long romantic history of Comlongon.

We have created a Bridal path that forms a sandstone walkway between various aspects of the formal gardens which gives you the opportunity to have a unique engraved slate wedding stone included with your names and the date of your marriage that will be a permanent reminder of your celebration with us.

Only couples who have married at the castle will be offered the opportunity of these wedding stones. These will form a long lasting connection with the castle and develop into a unique record of past ceremonies that future generations may wish to visit.

We have developed a series of individual ceremonies that can accompany these events which can involve friends and family in the participation of these unique blessings if you wish to lay these on a certain date.

If you would like to become a part of the long history of Comlongon Castle and leave a permanent record of your celebration with us set in stone you may wish to consider this opportunity.

Wedding Stones are available at £380 for a stone pre-laid or £700 with a ceremony. As a guide we can offer a Stone, ceremony, Honeymoon suite, two 6-course dinners with wine for £1160.

However as with everything at Comlongon each event is bespoke. So if you wish to return please contact us with your request and a quote will be provided.
